To Whom It May Concern:

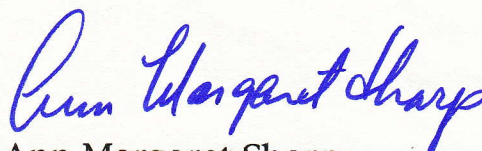

This is to confirm that *Professor Antonio Cosentino* attended the International Conference of Philosophy for Children held in Mendham, New Jersey, August 17-August 31st, 1993.

Throughout the Workshop, Professor Cosentino manifested a deep commitment to the education of the future teachers of his country. We are pleased to authorize him to organize projects and engage in teacher education in Philosophy for Children in Italy.

We were happy to have Professor Cosentino with us and hope to do all we can to support him in his work in Italy.
